GRANT NOMINATION GUIDELINES

The information below provides a brief overview regarding the guidelines for making grant nominations. Please refer to your Program Guide for complete details.

RESTRICTIONS ON GRANTS

Grant recommendations are subject to review and approval by the American Center for Philanthropy. You may recommend grants to U.S. organizations that are tax-exempt public charities¹ or to U.S., state or local governmental organization qualified to receive tax-deductible charitable contributions, such as state colleges or universities². ACP will not approve recommended grants that: are directed to foreign charitable organization, fulfill a Donor's pre-existing pledge to a charity; provide private benefit to the Donor or any other individual; support lobbying, political campaigns or other political activities; or are for any other purpose that is not entirely charitable. ACP will take remedial action if it discovers that grants have been made for improper purposes. Remedial actions may include, but are not limited to, a requirement that the recipient charity return the grant.

GRANT NOTIFICATION

Grants are made by ACP directly to the recipient organization, through checks bearing the name of ACP. Donors may not serve as intermediaries in the delivery of grants. Donors will receive written confirmation of all grants distributed from the account. Should ACP decide not to approve a recommended grant, ACP will notify the Donor.
